## PARA MEDICAL FACIAL TREATMENTS

	TIME	PRICE
IPL SKIN REJUVENATION FACIAL — A corrective treatment to remove or lighten freckles, pigmentation, sun damage and erase fine lines. Thanks to the action of Or-Light technology, & its active stimulation of the fibroblasts, the skin is revitalised and rejuvenated. Collagen production is vividly reactivated causing the skin to be visibly firmed and toned. After the very first session skin will look firmer, complexion more radiant & texture smoother. With each further treatment, the skin will feel clearer, more supple and will feel softer.		

Face 250 / Face + Neck 290 / Neck + decolletage 390

DERMAPEN — Collagen Induction Therapy. This revolutionary clinical treatment gives phenomenal results. The award winning device is safe and effective using microscopic needles to treat a variety of skin conditions while stimulating collagen & elastin production. This treatment guarantees benefits of skin tightening, improved texture, pore minimising, reduced scarring and strengthening of capillary walls. Results are visible after one session however, a course of treatments is recommended with 4-6wk intervals.

Face 290 / Neck 50 / Decolletage 100

MICRODERMABRASION — This treatment combines the benefits of clinical diamond microdermabrasion and Sonophoresis (sound wave technology). It is a non-invasive procedure that can be used to treat a number of skin care concerns with no downtime.	45	120
